Declaration of consent Data protection within the framework of the Homeshare programme „Wohnen für Hilfe“

Dear students,

In order to find a suitable home provider for you, we need your written consent for recording and processing your data (EU Data Protection Basic Regulation, DS-GVO). You can sign the consent form at the end of the data protection statement.

Which data do we need?

- Personal and Contact Information (name, address, contact, interests, course of study)
- As a home sharer, which assistance would you like to offer? The more specific this information, the better! This way, we are more likely to find a suitable match for you.

How long will we store your data for?

Your data will be stored for a duration of 12 months after its collection. If we have not been able to find a home provider for you, you can decide, whether you would like to keep or cancel your application. If you decide to cancel your application, all your data will be deleted.

If you find a home provider, we will keep your data for the duration of your homeshare experience

E-Mail.: wohnen-fuer-hilfe@studentenwerk-potsdam.de

Beyond that, your data will be stored for another 6 months for possible queries. After this period, all data will be deleted by the Studentenwerk Potsdam. Reports and statistics for the evaluation of the project contain only anonymous information.

How is the data stored?

We save your completed application form as a printout as well as an electronic form on our server. Only the Studentenwerk Potsdam has access to this data.

Who receives your data?

The completed application form remains with the Studentenwerk Potsdam. Subject to your approval, we will share certain information with a potential home provider (Gender, Age, Assistance Provided, Course of Study). If the potential home provider agrees to meet you, you will receive each other's contact details from us.

Can the data be revoked?

You can revoke the storage of your data at any time. A transmission is then no longer possible. It is also possible to revoke an existing residential partnership, but the Studentenwerk Potsdam cannot provide any further assistance.
